SEXUAL ASSAULT SURVIVOR'S INFORMATION AND BILL OF RIGHTS

SEXUAL ASSAULT IS A CRIME

It is not your fault!

You are not to blame for the assault. The responsibility for the assault lies with the assailant.

Sacramento Sheriff's Office

Jim Cooper, Sheriff

REPORT #:

_____

OFFICER NAME AND BADGE NUMBER:

_____

Revised 1/2023

SEXUALLY ASSAULTED? YOU HAVE RIGHTS

You have rights. You have the right to get answers, the right to information, and a right to know.

It's your choice to:
Get an exam, or
Be part of a criminal case, or
Report the assault

As a victim of sexual assault or domestic violence, a court cannot hold you in contempt and have you jailed for refusing to testify concerning the crime.

It is a crime for anyone to rape or sexually assault you, whether they are a stranger, current or ex-boyfriend or ex-girlfriend, a lover, a spouse, a domestic partner, or an acquaintance.
You deserve help. If someone has sexually assaulted you and you want to report the crime, call 911.

YOU HAVE A RIGHT TO GET ANSWERS

- Was your evidence analyzed within 18 months?
- Was the evidence used to make a DNA profile of your attacker?
- Was a DNA profile entered into the law enforcement database?
- Did they find matches to the profiles?

YOU HAVE A RIGHT TO INFORMATION

- A free copy of the crime reports. (Ask in writing to your local law enforcement agency.)
- The attacker's sex offender registry information, if convicted.
- Evidence from the rape kit. The rape kit must be:
  - ♦ Taken to the lab and analyzed within 24-months.
  - ♦ Kept for 20 years or until you turn 40, if the crime happened when you were under 18.

YOU HAVE A RIGHT TO KNOW

You can:

- Have a 24-hour confidential sexual assault counselor (victim advocate) or other support person(s) with you during any exam or interview.
- Ask for a Court Order to protect you. » For protection from the attacker right away, ask a law enforcement officer for an Emergency Protective Order. » Learn about Civil Protection Orders here: www.courts.ca.gov/1260.
- Ask about test results and evidence from the assault.
- Ask the officer for a case number and how to find out what happens next.
- If you need help to pay for your costs related to the assault, learn more and apply at: www.victims.ca.gov/victims/howtoapply.aspx

Note: You may have to take part in the criminal case to qualify for CalVCB.

SEXUAL ASSAULT FACTS

- The evidence of the crime is on your body, clothing, and the location of assault. DNA evidence on the body can last from 12 hours up to 7 days. DNA and other kinds of evidence may break down if exposed to heat, water, or other materials. More evidence will be available if you do not bathe, brush your teeth, wash your clothing/bedding, or clean the location of the assault. Law enforcement will collect items and material, which may contain evidence for possible criminal prosecution.
- The Sexual Assault Response Team (SART) provides 24-hour response to victims of sexual assault at the Sutter Bridging Evidence Assessment and Resources (BEAR) Clinic, where a nurse will examine you for physical injury and collect evidence in a sensitive manner.
- You have the right to have a WEAVE Advocate present during the exam, as well as a support person, as long as their presence is not determined to be detrimental to the purpose of the exam.

Sexual Assault Forensic Evidence Tracking (SAFE-T)

Contact the California Attorney General's Victims' Services Unit www.kitstatus.doj.ca.gov for the status of your forensic evidence kit based on data entered into the SAFE-T database.

YOU NEED TO KNOW

Even when the suspects are arrested, they may be released from jail at any time. In an emergency situation, you may be eligible for an emergency protective order (EPO), **obtained by law enforcement officers at the scene of the sexual assault**. The emergency protective order is valid for 5 business days. This order will provide immediate protection and may allow time for you to file a restraining order at the family courthouse. You will need to keep the EPO with you at all times.

WARNING

If your assailant was arrested **YOU WILL NOT BE NOTIFIED OF THEIR RELEASE** unless you have signed up for the Sheriffs Inmate Release Elective Notification System (SIRENS). The public can register with SIRENS to receive phone, text, or email notification of a designated inmate's release. If you want to see if they are still in custody, call the Sacramento County Main Jail at 916-874-6752 or check inmate information at:
www.sacsheriff.com/inmate_information

The District Attorney's Office is responsible for taking criminal action against persons accused of violating the law. You may ask the District Attorney to file a criminal complaint; however it is the district Attorney who files charges against the defendant, not you. You are a witness for the prosecution.

You may request legal services through WEAVE. Please call the 24 hour helpline for more information.

California Victim Compensation Program

If you have been the victim of a crime that meets the required definition, you or others may be eligible to receive payment from the California State Restitution Fund for losses directly resulting from the crime.

To learn about eligibility and receive an application to receive payments, contact the California Victim's Compensation Program at (800) 777-9229 or the Sacramento County Victim Witness Program at (916) 874-5701.
